

# Cleaning Dura-Bright® wheels

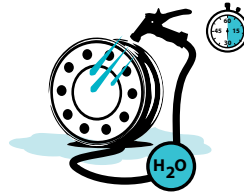

1.

Allow wheels to cool below 35° C  
Remove nut covers.

2.

Rinse the wheel with water to prevent  
scratching and erosion.

3.

Mix water with a mild detergent or  
use undiluted Dura-Bright® Wheel  
Wash.

4.

Clean the wheel with a soft brush.

5.

Rinse with water.
