

AUTOMOTIVE TYRE & WHEEL ASSEMBLY

Operating as a Tier 1 / Tier 2 wheel & tyre assembler to numerous specialist automotive vehicle manufacturers.

Our services include:

- Tyre & Wheel assembly, balancing & RFV validation
- Management of multiple daily sequenced line side deliveries
- Bespoke packaging design / supply
- Management of Tier 2/3 supplier parts
- IMDS submission
- PPAP/PSW

We operate a fully computerised inventory management system for free issue customer parts with portal access to allow real time access to data.

ABOUT US

Since 1984, Tyre-Line has been supplying wheel and tyre assemblies to manufacturers of everything, from wheelbarrows to high performance sport cars.

We operate from a purpose built 50,000 sq.ft facility in Daventry, Northamptonshire, close to the centre of the UK's motorway network, for efficient distribution.

We carry a multimillion-pound inventory to support the 'just-in-time' requirements of our OEM customer base.

Our operations are fully computerised using our Merlin ERP system, with all processes accredited to BS EN ISO 9001:2015, which we successfully transitioned to in February 2018.
